The collection will be the fifth *IJHS* regional issue. The first is devoted to North and South East Asia, the second to North America, the third to South Asia and the fourth to Europe. These are already launched.

From 2008 the *International Journal of the History of Sport* increases to 14 issues per year. There will be five regional issues, three regular issues, two themed collections, and two review monographs. In addition there will be an Annual Review which allows scholars the opportunity to develop ideas and arguments more fully than previously within a framework of some 15,000 words. There will also be a regional themed collection and review monograph. In 2008 this will be devoted to North America. In subsequent years the other regional issues will have their themed collections and review monographs.
